South Georgia Extension.

The South Georgia officials have recently ordered another cargo of rails, which will be shipped soon from Sparrow's Point, Md. When this ship ment is received at Greenville work will be commenced again on the extension of the South Georgia and West Coast road to Perry. Fla. About ten miles of the grade is already practically completadditional work to be done except surfacing up the roadbed.

The people of Perry are very anxious for the completion of this road, as it will give them a direct route north to Macon, Atlanta and other important points. The South Georgia will touch a territory having an immen-e supply of timber, and for many years will have a fine freight business in lumber and turpentine products.-Quitman Free

A SEVERE COLD FOR THREE MONTHS.

The following letter from A. J. Nusbaum, of Batesville, Ind., tells its own story "I suffered for three months with a severe cold. A druggist prepared me some medicine and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." substitutes. Sold by D. G. Smith.

The Stamps We Use Annually.

When a stamp is placed on a letter it represents one of 60 made for each man, woman and child in the United States. Enough stamps will be issued this year to supply each individual in the United States with at least sixty stamps each. Distributed among the people of the entire globe, they would supply each person with postage for not less than three letters. Placed side by side in a continuous line the total issue would girdle the entire earth three times, forming a variegated ribbon around it nearly three inches wide. If spread out in the same manner across the United States collector's book of conventional size, the issue for one year would half fill 1,000,000 volumes, which placed one upon another, would form a solid column over 25 miles high. If it is true as Edward Everett Hale says, that the United States postal system is the greatest of popular educators, these figures will serve to show the extent of Uncle Sam's present service as a school

DANGERS OF PNEUMONIA.

A cold at this time if neglected is fiable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Sold by D. G.

Florida Canal Scheme.

The Tallahassee Tallahassean says: Representative Richardson, of Alabama, on Feb. 26, introduced in the House a bill to appropriate \$8,000,000 for the river with the St. Mary's river in Georgia, along the land-locked waters of the Gulf coast in the states of Louisiana, Mississippi, Alabama and Florida, and a canal from St. George's sound in Florida to St. Mary's river in Georgia.

The proposed enterprise is for the benefit of Southern industries and if successful it will practically make an island of the southeast corner of the United States. The line of the pro posed canal starts at the Mississippi river, runs through the landlecked waters on the coasts of the states mentioned, to and into St. George's sound in Florida, thence by canal to Wacissa river in Florida, then eastward to the line surveyed in 1880 by Gen. Gilmore

for a ship canal. This line is to be encountered at Ellaville on the Suwannnee river. From here the canal is to run along this survey to a summit leyel in the Okeetinokee swamp in Georgia, thence east to St. Mary's river at Camp Pinckney, where the waters of St. Mary's will carry vessels of fourteen feet draught. Mr. Richardson believes the bill will eventually pass.

McDuffle's Witch Hazel Foot Healer is one of the finest baby powders known, time than any other treatment. It is county, who it is thought has votes cures prickly heat and gives instant pleasant and safe to take. For sale by ratief. 25 cents. Sold by D. G. Smith. all druggists.

HEAVY RAIN.

Up Planted Crops.

Commencing about one o'clock last Sunday afternoon and continuing for more than two hours, the heaviest rain ed below Greenville, and there is little of the season—and perhaps the beaviest additional work to be done except sur. known in years—fell in Madison and sur rounding country, causing great damage to gardens and utting up the streets of the town with great gullies. Some wind and lightning accompanied the storm but so far as we can learn no damage was done from these causes.

The drainage pipes of the town were totally inadequate to carry off the immense quantity of water which fell and as a consequence the streets a e badly washed, great gollies being cut streams upon many of the streets. At the depot of the Valdosta Southern several of the brick pillars supporting the warehou-e were washed entirely away and the road bed of the track in many places war carried away by the force of the streams. We learn that the track of the Scaboard suffered a like fate in and near the town, trains being delayed for some hours until repairs could be made.

A number of farmers in the county lost the seed which had been planted while the gardens of the town suffered considerably. An old citizen told us that the rain was the heaviest he had ever known in this section.

McDuffie's Tasteless Chill Cure will build up broken down systems and make the blood rich and healthy, certain care for chills, guaranteed or your money refunded. 50 cents. Sold by D. G.

Mr. Averett's Curious Book.

Mr. G. W. Averett has in his posse sion a very curious and valuable old book. As the title elaborately sets forth, it is a "History of the Old and New Testament extracted from Holy Fathers and other ecclesiastical writers." It was printed in London in the reign of Queen Anne in 1705 and has the quaint old English lettering and style. It is a very handsome book and a very large one; bound in fine Morocco leather and printed on handmade linen paper it is still in an excellent state of preservation. It has 260 full page engravings that are quaint beyond description.

The Smithsonian Institute gives the value of the book at \$450.00. Mr. Averett does not know how long it has been in his family. -Quitman Free Press.

Could Not Breathe.

Coughs, colds, croup, grip, broachitis, other throat and lung troubles are quickly cared by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquides the muceus, draws out the inflamation and removes the cause of the disease Absolutely safe. Acts at once. "One construction of a waterway and canal Minute Cough Cure will do all that is connecting the waters of the Mississippi claimed for it," says Justice of the connecting the waters of the Mississippi Peace, J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family "W. B. Davis

Danger of Colds and La Grippe.

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have sulted in pneumonia, which shows conof that dangerous malady. It will cure a cold or an attack of la grippe in less

PROJECTED MANUFACTURING

Industries for Madison to be Established Here in the Near Future. Wagon and Buggy Factory and Wood-working Novelty Mill

If things turn out as hoped for and expected by the projectors Madison will, in the near future, have two manufacturing industries which with proper mana ement may be of great benefit to the town as well as the stockholders. Dr. Yate- is the projector of one of the industries, a wood working novelty and planing mill. He has been out among the citizens and has secured an encouraging amount of subscriptions for the stock of the concern which it is proposed. to capitalize t \$5,000. A considerable amount of the stock has already been subscribed but there is some yet for sale and a chance remains for those who by the water which flowed in swift have not subscribed to get in on the ground floor.

G. W. Walker is the moving spirit of the project to establish a wagon and buggy factory with a capital stock of \$10,000. We understand that this movement is also meeting with the success it deserves and that a large amount of the stock has been subscribed. With two such industries as these firmly established in our town a start will have been mad- toward making Madison a manufacturing town in earnest, and others will follow. If you haven't already subscribed for stock now is the

Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. W. B. Davis.

Circuit Court Jurors.

On the last day of the special term of court which was held in this county ending last week a jury was drawn from the box by the judge to serve at the regular term which convenes here on the second Monday in April, next month. The names of those so drawn as jurors are as follows:

Executive Committee to Meet.

Attorney General W. B. Lamar, of Monticello, and Hon. John G. Ward, of Pensacola, are in the city to-day and paid The Metropolis a pleasant visit.

These gentlemen have just returned from Tampa, where they attended the State convention of the Knights of Pythias. While in Tampa they were informed by J. E. Crane, secretary of the State Democratic Executive Committee that this committee will hold its meeting in Jacksonville on April 15th, at which time the campaign Florida will open in dead earnest. While these gentlemen declined to vet to learn of a single case having re- discuss the sentiment as to who would be selected as chairman of the committee, clusively that it is a certain preventive they stated that they had heard Dr. McKinstry's name mentioned as an opponent to Arthur Williams, of Nassau

A Bank For Perry.

The Herald, a short time since, refer | red to the eff rts to Mr. John L. Dew of Latta, S. C., who was prospecting here with the intention of organizing a bank in Perry.

Mr. De is a wide-awake, hustling business man and has placed his check with the Herald editor to take \$5,000 worth of stock and everything is in shape to perfect the organization on short notice. Nothing will be more conducive to the best interests of the county than available capital in the channels of business

Let those who will take stock meet at the court house on Friday, the 28th just, to determine what can be done,-

TOWN TOPICS.

(Continued from Fifth Page.)

Our usual Hamburg letter did not arrive this week

Judge J. P. Martin killed a tiog Tuesday which netted him over 200 pounds of pork.

Will Parramore arrived home yesterday from Atlanta where he has been for several months at dental college.

Chandler Jordan expects to leave today for Sewannee, Tena., to resume his studies at the University of the South. "It is hardt > pay for bread that has been eaten," but not so hard as to get bread to eat that has not been paid for.

W. J. Witherspeon, at the post office, will receive and forward your subscription for any newspaper or magazine published.

Bate Thomas lost a fine Jersey cow. this week. The saimal got to a barrel of meal and eat enough of it to cause her death.

F. J. Whiton, of New York, is expected to arrive in this city to day for the purpose of making a sale of a plantation near town known as the Kennedy place, of which he is the owner.

A number of new sut-scribers have been added to our list this week, but as our book is a large one there is room for more. Remember our special 50 centas year offer remains open only a few days longer.

A "yaller dog" which answers to the name of "Jack" has strayed or been stolen from the yard of this writer. He was the pet of our young hopefuls and we will appreciate his return. Here Jack! Here Jack!

The old reliable and one of the strongest of Life Insurance Companies, the Equitable, is represented in Madison by Witherspoon, Shackelford & Co., who are prepared to write you any class of policy you may desire.

How to Cure the Grip.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip, not one case has ever been reported that did not recover. For sale by all druggists.

"Labor overcometh all things," even the laborer.

For The Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, of Albany, Ga., writes: "I took DeWitt's Little Early Risers for billiousness. They were just what I needed. I am feeling better now than in years." Nev-er gripe or distress. Safe, thorough and gentle. The very best pills. W. B.
